30 inch wide panoramas (8 to 12 inches high)	\$300

Linde's panorama prints have generous white borders, the exact size depending on the proportions of each image.

All Linde's images are open-edition prints, prepared, printed and signed by the artist, not by a commercial lab. They are produced using state-of-the-art archival inks (currently Epson Ultrachrome inks) on acid-free paper (currently this is a heavy 300 gsm sheet of Moab Entrada paper). According to the latest tests, they should last for generations without fading or color shifts. Other sizes (including larger sizes) are available as special orders.
